The following are the only symbols used for the purposes indicated below:

- (C) - To signify a CHANGE in regulation
- (D) - To signify a DELETION or DISCONTINUANCE
- (I) - To signify a rate INCREASE
- (M) - To signify material MOVED to or from another location

TARIFF FORMAT

- A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Board. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the Board follows in their tariff approval process, the most current sheet number on file with the Board is not always the tariff page in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1).
- D. Check Sheets - When a tariff filing is made with the Board, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on the check sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the Board.

A credit allowance will be made when an interruption occurs because of a failure of any component furnished by the Company under this tariff.

If the Customer reports a service, facility, or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.

2.29.2 For calculating credit allowances, every month is considered to have thirty (30) days. A credit allowance is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.

2.29.3 A credit allowance will be given, upon request of the Customer to the business office, for interruptions of thirty (30) minutes or more. Credit allowances will be calculated as follows:

- 1) If interruption continues for less than twenty-four (24) hours:

 - b) 2/30ths of the monthly rate if there was a previous interruption of at least twenty-four (24) hours in the same billing period.
- 2) if interruption continues for more than twenty-four (24) hours:
 - a) if caused by storm, fire, flood or other condition out of Company's control, 1/30th of the monthly rate for each twenty-four (24) hours of interruption.
 - b) for other interruptions, 1/30th of the monthly rate for the first twenty-four (24) hours and 2/30ths of such rate for each additional twenty-four (24) hours (or fraction thereof); however, if service is interrupted for over twenty-four (24) hours, more than once in the same billing period, the 2/30ths allowance applies to the first twenty-four (24) hours of the second and subsequent interruptions.

Two (2) or more interruptions of fifteen (15) minutes or more during any one (1) twenty-four (24) hour period shall be considered as one (1) interruption.

SECTION 2. RULES AND REGULATIONS (Cont'd)**2.30 Cancellation of Service/Termination Liability**

If a Customer cancels a Service Order or terminates services before the completion of the term for any reason whatsoever other than a service interruption, Customer agrees to pay to Company termination liability charges, which are defined below. These charges shall become due and owing as of the effective date of the cancellation or termination and be payable within the period set forth above.

Upon cancellation or termination of service hereunder, Customer will make service available for removal, which will be accomplished by the Company in a careful and reasonably expeditious fashion. If Customer does not make the service or equipment available for removal by the Company, then in addition to all other remedies at law or equity available to the Company, all obligations of Customer will remain in force and effect until removal is accomplished.
