TARIFF FORMAT

- A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Puerto Rico Telecommunications Regulatory Board. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the Puerto Rico Telecommunications Regulatory Board follows in their tariff approval process, the most current sheet number on file with the Puerto Rico Telecommunications Regulatory Board is not always the tariff page in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
  - 2.1.
  - 2.1.1.
  - 2.1.1.A.
  - 2.1.1.A.1.
  - 2.1.1.A.1.(a).
  - 2.1.1.A.1.(a).I.
  - 2.1.1.A.1.(a).I.(i).
  - 2.1.1.A.1.(a).I.(i).(1).

TARIFF FORMAT (Cont'd.)

- D. Check Sheets - When a tariff filing is made with the Puerto Rico Telecommunications Regulatory Board, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). There will be no other symbols used on the check sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the Puerto Rico Telecommunications Regulatory Board.
- E. Application of Tariff - This tariff applies to intra-island telecommunications services furnished by STSJ Overseas Telephone Company, Inc. d/b/a Trescom Puerto Rico Division/Primus ("Carrier") between and among points within the Commonwealth of Puerto Rico in accordance with the conditions which are set forth herein. These services are also provided in conjunction with services under Carrier's federal tariffs.
- F. Intra-island telecommunications services are available for origination and termination where technologically and/or economically feasible, within the Commonwealth of Puerto Rico.

**SECTION 2. RULES AND REGULATIONS**

**2.1 Application of Tariff**

- 2.1.1 This tariff contains the regulations and rates applicable to intra-island resale telecommunications services provided by Carrier for telecommunications between points within the Commonwealth of Puerto Rico. Carrier's services are furnished subject to the availability of facilities and subject to the terms and conditions of this tariff.
- 2.1.2 Carrier's services are not part of a joint undertaking with any other entity providing telecommunications channels, facilities or services, but do involve the resale of the Message Toll Services (MTS) and Wide Area Telecommunications Services (WATS) of underlying common carriers.
- 2.1.3 The rates and regulations contained in this tariff apply only to the services furnished by Carrier and do not apply, unless otherwise specified, to the lines, facilities, or services provided by a local exchange telephone company or other common carrier for use in accessing the services of Carrier.
- 2.1.4 The Subscriber is entitled to limit the use of Carrier's services by Users at the Subscriber's facilities, and may use other common carriers in addition to or in lieu of Carrier.

SECTION 2. RULES AND REGULATIONS (Cont'd.)

2.4 Responsibilities of the Subscriber

- 2.4.1 The Subscriber is responsible for placing any necessary orders; for complying with tariff regulations; for the placement of any stickers or tent cards provided by Carrier or as required by law; and for assuring that Users comply with tariff regulations. The Subscriber shall ensure compliance with any applicable laws, regulations, orders or other requirements (as they exist from time to time) of any governmental entity relating to services provided or made available by the Subscriber to Users. The Subscriber is also responsible for the payment of charges for calls originated at the Subscriber's numbers which are not collect, third party, calling card, or credit card calls.
- 2.4.2 The Subscriber is responsible for charges incurred for special construction and/or special facilities which the Subscriber requests and which are ordered by Carrier on the Subscriber's behalf.
- 2.4.3 If required for the provision of Carrier's services, the Subscriber must provide any equipment space, supporting structure, conduit and electrical power without charge to Carrier.
- 2.4.4 The Subscriber is responsible for arranging access to its premises at times mutually agreeable to Carrier and the Subscriber when required by Carrier personnel to install, repair, maintain, program, inspect or remove equipment with the provision of Carrier's services.

## INTRA-ISLAND TELECOMMUNICATIONS SERVICES

### SECTION 2. RULES AND REGULATIONS (Cont'd.)

#### 2.4 Responsibilities of the Subscriber (Cont'd.)

- 2.4.5 The Subscriber shall ensure that the equipment and/or system is properly interfaced with Carrier facilities or services, that the signals emitted into Carrier's network are of the proper mode, bandwidth, power, and signal level for the intended use of the Subscriber and in compliance with the criteria set forth in this tariff, and that the signals do not damage equipment, injure personnel, or degrade service to other Subscribers. If the Federal Communications Commission or some other appropriate certifying body certifies terminal equipment as being technically acceptable for direct electrical connection with interstate communications service, Carrier will permit such equipment to be connected with its channels without use of protective interface devices. If the Subscriber fails to maintain the equipment and/or the system properly, with resulting imminent harm to Carrier equipment, personnel, or the quality of service to other Subscribers, Carrier may, upon written notice, require the use of protective equipment at the Subscriber's expense. If this fails to produce satisfactory quality and safety, Carrier may, upon written notice, terminate the Subscriber's service.
- 2.4.6 The Subscriber must pay Carrier for replacement or repair of damage to the equipment or facilities of Carrier caused by negligence or willful act of the Subscriber, Users, or others, by improper use of the services, or by use of equipment provided by the Subscriber, Users, or others.
- 2.4.7 The Subscriber must pay for the loss through theft of any Carrier equipment installed at Subscriber's premises.

**SECTION 2. RULES AND REGULATIONS (Cont'd.)**

**2.5 Cancellation or Interruption of Services (Cont'd.)**

**2.5.2 Procedures for discontinuance of existing service:**

- A. Carrier may discontinue service without notice for any of the following reasons:
1. If a Subscriber or User causes or permits any signals or voltages to be transmitted over Carrier's network in such a manner as to cause a hazard or to interfere with Carrier's service to others.
  2. If a Subscriber or User uses Carrier's services in a manner to violate the law.
- B. In all other circumstances, Carrier will provide the Subscriber with written notice stating the reason for discontinuance, and will allow the Subscriber not less than ten (10) days to remove the cause for discontinuance. In cases of non-payment of charges due, the Subscriber will be allowed at least five (5) days, excluding Sundays and holidays, to make full payment of all undisputed charges, and in no event will service be discontinued on the day preceding any day on which Carrier is not prepared to accept payment of the amount due and to reconnect service.

**SECTION 2. RULES AND REGULATIONS (Cont'd.)**

**2.5 Cancellation or Interruption of Services (Cont'd.)**

2.5.3 Without incurring liability, Carrier may interrupt the provision of services at any time in order to perform tests and inspections to assure compliance with tariff regulations and the proper installation and operation of Subscriber and Carrier's equipment and facilities and may continue such interruption until any items of non-compliance or improper equipment operation so identified are rectified.

2.5.4 Service may be discontinued by Carrier, without notice to the Subscriber, by blocking traffic to certain countries, cities, or NXX exchanges, or by blocking calls using certain Customer authorization codes, when Carrier deems it necessary to take such action to prevent unlawful use of its service. Carrier will restore service as soon as it can be provided without undue risk, and will, upon request by the Customer affected, assign a new authorization code to replace the one that has been deactivated.

**SECTION 2. RULES AND REGULATIONS (Cont'd.)**

**2.6 Billing Arrangements**

- 2.6.1 The Subscriber will either be billed directly by Carrier or its intermediary, or charges will be included in the Subscriber's regular telephone bill pursuant to billing and collection agreements established by Carrier or its intermediary with the applicable telephone company.
- 2.6.2 Carrier will render bills monthly. Payment is due within thirty (30) days after the Subscriber's receipt of its bill.
- 2.6.3 Carrier may impose a late payment charge not to exceed 1.5% on any bill not paid within thirty (30) days of the receipt. The Subscriber shall be responsible for all costs, including attorney's fees, incurred in the collection of unpaid charge or in any other action to enforce payments and/or obligations arising under this tariff. A charge of \$15.00 may be imposed for returned checks.

**SECTION 2. RULES AND REGULATIONS (Cont'd.)**

**2.8 Contested Charges**

All bills are presumed accurate, and shall be absolutely binding on the Subscriber unless objection is received by Carrier within thirty (30) days after such bills are rendered. In the case of a billing dispute between the Subscriber and Carrier for service furnished to the Subscriber, which cannot be settled with mutual satisfaction, the Subscriber can take the following course of action within thirty (30) days of the billing date:

2.8.1 First, the Subscriber may request, and Carrier will provide, an in-depth review of the disputed amount. (The undisputed portion and subsequent bills must be paid on a timely basis or the service may be subject to disconnect.)

2.8.2 Second, if there is still a disagreement about the disputed amount after the investigation and review by a manager of Carrier, the Subscriber may file an appropriate complaint with the Puerto Rico Telecommunications Regulatory Board.

**2.9 Billing Entity Conditions**

When billing functions on behalf of Carrier are performed by local exchange telephone companies, or others, the payment conditions and regulations of such companies apply, including any applicable interest and/or late payment charge conditions.

**SECTION 2. RULES AND REGULATIONS (Cont'd.)**

**2.10 Deposits**

Any applicant whose credit has not been duly established may be required to make a deposit to be held as a guarantee of payment of charges at the time of application. An existing subscriber may be required to make a deposit or increase a deposit presently held. A deposit is not to exceed the estimated charges for two (2) months' service plus installation. A deposit will be returned upon the discontinuance of service or at the end of six (6) months of a satisfactory credit history. The fact that a tariff has been made in no way relieves the subscriber from complying with the regulations with respect to the prompt payment of bills on presentation. The Carrier will pay interest on deposits pursuant to the rules and regulations of the Commonwealth of Puerto Rico.

**2.11 Taxes**

All federal excise taxes, and state and local sales, use, and similar taxes, are billed as separate items and are not included in the quoted rates. Gross receipts tax will not be billed as a separate line item.

**2.12 Minimum Call Completion Rate**

A customer can expect a call completion rate of not less than 90% during peak use periods for all FGD services.

**2.13 Promotions**

Carrier may from time to time offer promotional services.

## INTRA-ISLAND TELECOMMUNICATIONS SERVICES

### SECTION 3. SERVICE DESCRIPTIONS

#### 3.1 Description of Services

Carrier provides interexchange telecommunications services and, where allowed, intraLATA toll telecommunications services, including switched and dedicated access long distance communications service. Calls are rated based on the duration of the call.

#### 3.2 Calculation of Usage Rates

Billing for calls placed over Carrier's network is based in part on the duration of the call. Billing is in sixty second increments, unless indicated otherwise. Timing begins when the called station is answered, as determined by standard industry methods generally in use for ascertaining answer, including hardware answer supervision in which the local telephone company sends a signal to the switch. A call is terminated when either party (called or calling) hangs up. Upon request of the Subscriber, credit will be provided for uncompleted calls/wrong numbers. Any fractional portion of a call is rounded up to the next highest billing increment. Fractions of a cent are rounded up to the next whole cent.

#### 3.3 TeraFon Basic Service

This switched product does not require a MMRC or term commitment. TeraFon Basic Service affords outbound calling capabilities. TeraFon Basic outbound is a direct dial service offered over-switched access lines.

**SECTION 3. SERVICE DESCRIPTIONS (Cont'd.)**

**3.12 Primus Global Response \***

**3.12.1 Description of Services**

Carrier offers three options for Customers with patterns of concentrated international calling. They are: First Choice, Custom Choice, and Multiple Choice.

- A. First Choice. For Customers whose calls are concentrated by geographic area, the Customer may choose from one of six areas to receive a discount on international rates. These predefined areas are: Africa, Canada and Mexico, Latin America, Asia, Europe, and the Middle East.
- B. Custom Choice. For Customers with frequent calls to certain countries not necessarily located in one of the predefined regions above, the Customer may create its own customized "region" by designating any five countries as its selected "region," except Canada and Mexico, and will receive discounted rates to the designated five countries.
- C. Multiple Choice. This option provides a Customer with discounted rates to all six of the above predefined regions.

SECTION 3. SERVICE DESCRIPTIONS (Cont'd.)

3.12 Primus Global Response - (Cont'd.) \*

3.12.2 Terms and Conditions

A Primus Calling Card is available with Global Response services. Customers choosing First Choice or Custom Choice must commit to a \$100 MMRC. Customers choosing Multiple Choice must commit to a \$2,500 MMRC. International, interstate, intrastate, intra-island and Calling Card calls apply toward a MMRC, but directory assistance calls do not. The MMRC applies to a single access type (either switched or dedicated) and applies to either a single service type (outbound, inbound, or travel) or to a combination of all three. New Customers have 90 days in which to accrue sufficient usage to meet the MMRC, after which any Customer failing to meet the MMRC will be assessed an underutilization fee equal to the difference between the MMRC and the actual gross usage. Customers using Global Response over switched access lines are not subject to a term commitment. Customers using Global Response over dedicated access lines are subject to a mandatory minimum 12-month term commitment. If a Customer cancels service prior to the end of the commitment, the company may assess a termination liability equal to the MMRC multiplied by the number of months remaining in the service term. This termination liability will be billed in one lump sum and is due with 30 days of cancellation of the service by the Customer. Calls are subject to an initial billing increment of six seconds and additional billing increments of six seconds.

SECTION 5. MISCELLANEOUS

5.1 Pay Telephone Surcharge

A charge will apply to calls that originate from any payphone used to access Carrier's services. This charge, which is in addition to standard tariffed usage charges, applies for the use of the instrument used to access Carrier's service and is unrelated to Carrier's service accessed from the payphone. Customers will be charged the payphone use charge for each call which is placed from a payphone, with the exception of: (1) calls placed by inserting coins during the progress of the call; (ii) calls using Telecommunications Relay Service; or (iii) calls originated by customers with qualified hearing or speech impairments who are certified. Rate: \$.65 per call.
